

About SOFTVISION

SOFTVISION is one of the most prominent software development consultancy companies with offices in Cluj-Napoca, Bucharest, Baia Mare, Iasi and Timisoara. Since 1998, **SOFTVISION** has delivered high-quality software products that have helped millions of users and performed billions of transactions.

We are involved each year in the **Summer Internship Program**. We are willing to share our experience and knowledge with you and help you in your professional path. You will have the chance to work on interesting projects – coached by our professionals.

We take pride in our ability to service every major software platform and deliver the highest quality software products on a global level, in various fields including telecommunications, finance, media and health services. Our employees are our greatest asset – we say it often and with good reason. We invest in our over 900 employees' careers and we encourage them to work hard, play hard and to continuously learn new and cutting edge technologies.

We measure our results by the number of satisfied employees and customers. It is only with the dedication and satisfaction of our employees that we can produce the best results for our clients – from Silicon Valley Startups, to global Fortune 500 companies. Our client portfolio includes internationally renowned companies such as: Microsoft, Toshiba, Verizon, Alcatel, IBM, Sharp, and Procter & Gamble.

If you're a talented student interested in our company join us for your Summer Internship @ SOFTVISION! We offer exciting challenges, compelling rewards and benefits and a uniquely open and creative work environment.
